You have successfully registered as a Taka Live Agency.

1.1 Agency Basic Commission

[Agency Basic Commission] = [Basic Income] × [Commission Rate]

- [Basic Income] = Host Basic Income + Agency's Own Income + Income from the Invited Agencies
 - Host Basic Income = Gift Earnings + Call Income + Chat Income
 - Agency's Own Income = Gifts received by the agency itself
 - Income from the Invited Agencies = Gifts received by the invited agency itself and its hosts

- **[Commission Rate]:** Refer to the following sheet

Taka agency commission rate		
Level	Basic Income (Beans)	Commission Rates
A	150M+	20%
B	50M ~ 150M	16%
C	10M ~ 50 M	12%
D	2M ~ 10M	8%
E	0M ~ 2M	4%
M= million, 10000 beans = 1 \$		

1.2 Gifts Bonus for Agency

The agency can get an extra 5% - 15% gift commission based on their own gift income in the last 7 days.

Task Requirement (Gifts income in last 7 days – Beans)	Reward Rate
More than 10,000,000 Beans	15% of gifts income
More than 3,000,000 Beans	10% of gifts income
More than 300,000 Beans	5% of gifts income

Agency can get a MAX 94.5% commission rate in TAKA.

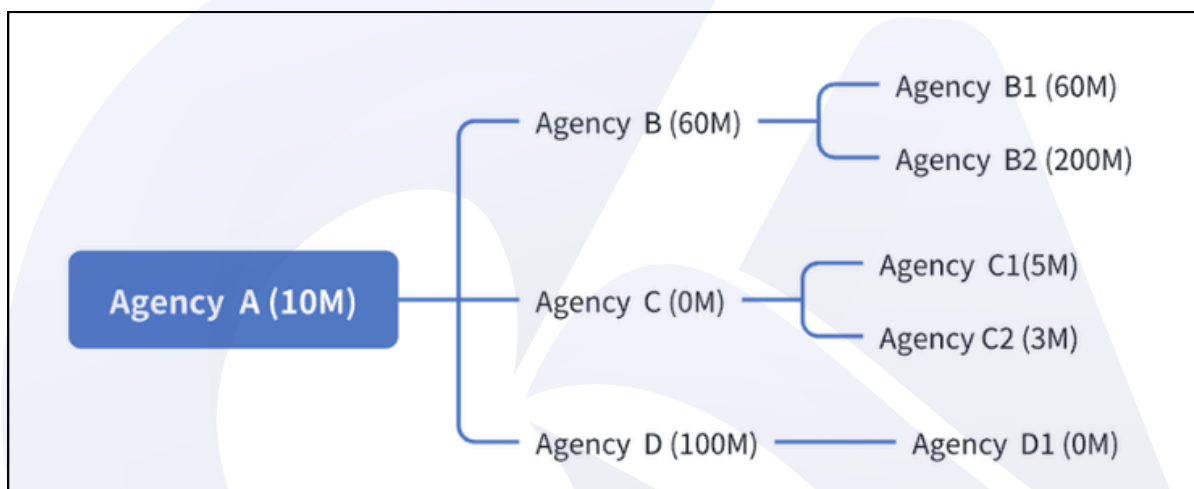

1.3 Invite Agency Reward

Example:

- Agency A has invited agencies B, C, and D
- Agency B has invited agencies B1, B2
- Agency C has invited agencies C1, C2
- Agency D has invited agency D1

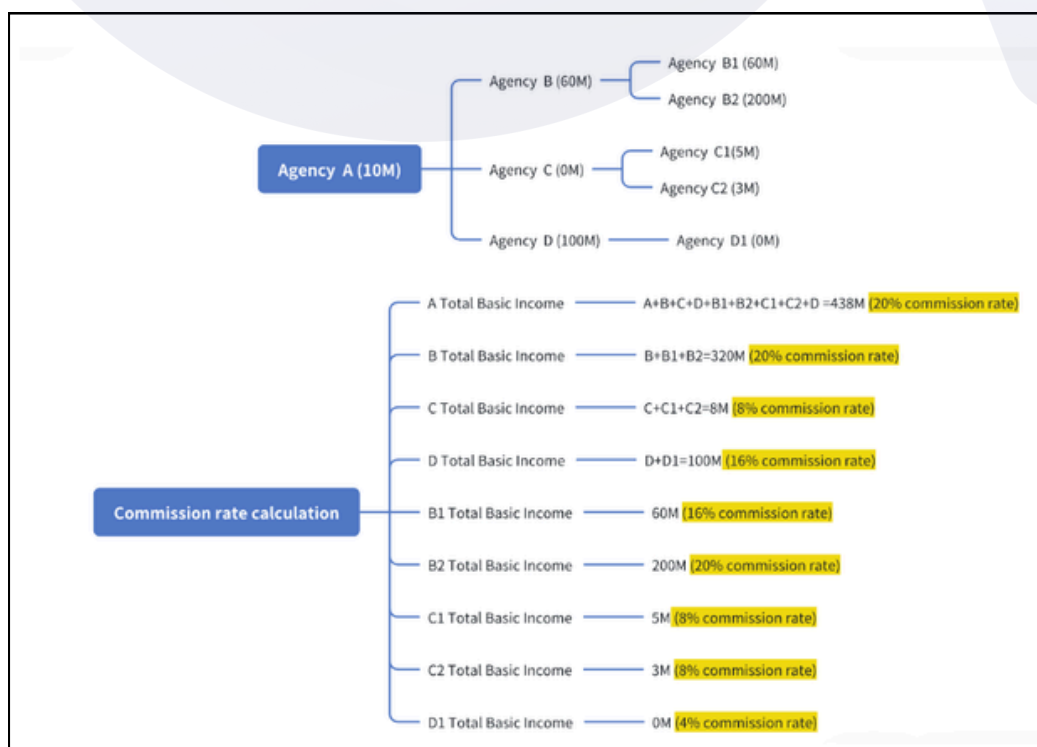

(...) shows the host income under one's agency, as shown in the picture below.

A's Total Basic Income =

$A + B + C + D + B1 + B2 + C1 + C2 + D1$

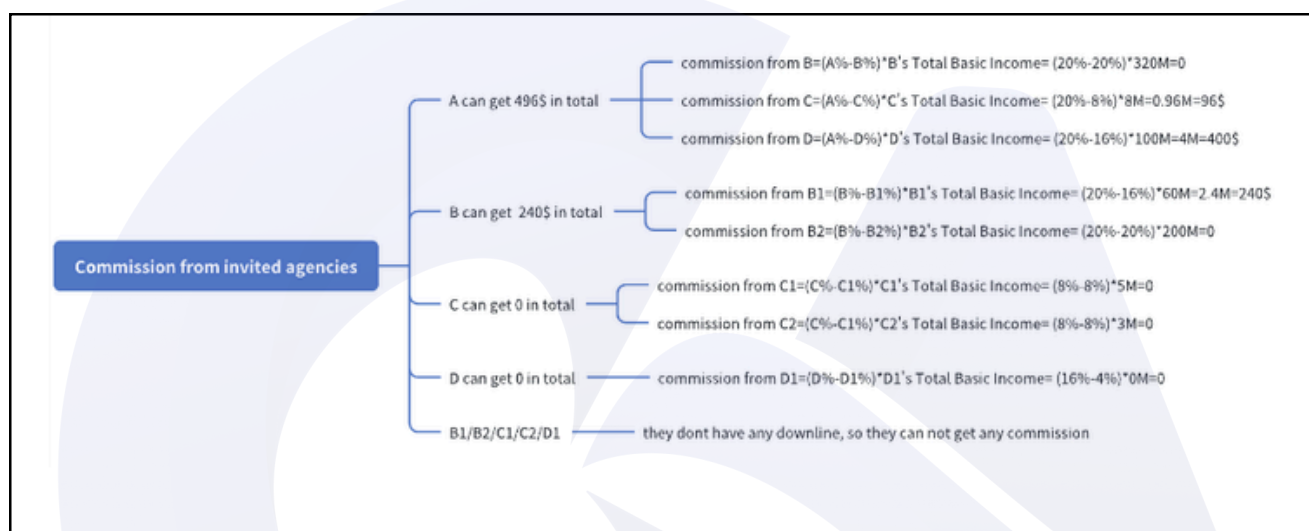

- B, C, D are invited by A directly
- B1, B2, C1, C2, D1 are invited by A indirectly

Important Points:

1. A has invited agencies B, C, and D.
2. There are commission rate differences between A and the agencies invited by A.
3. A can get profit from all the agencies invited by him, directly or indirectly.

⚠ Caution:

When your commission rate is higher than your invited agency's rate, you will get rewards for every gift income from the hosts under your invited agency.

If your invited agency's commission rate is 20%, you will not get any rewards from him.
